The Taubman Health Sciences Library and the Center for the History of Medicine announce the opening of the United States Holocaust Memorial Museum’s traveling exhibition, *Deadly Medicine: Creating the Master Race*. The exhibition illustrates how Nazi leadership enlisted people in professions traditionally charged with healing and the public good to legitimize persecution, murder, and ultimately genocide.

**Opening Reception**

Join us for refreshments and a tour of the exhibition. The keynote address and book signing will immediately follow the reception.

Thursday, February 9th
5:30-6:30pm
